

Mr Darren Katz

MBBS FRACS (Urology)

Urological and Prosthetic Surgeon Male Fertility Microsurgeon

Mr Darren Katz is a urological surgeon who serves as Medical Director of Men's Health Melbourne. He is a very approachable urologist who understands the importance of providing patients with the highest standards of multi-disciplinary care. His aim is to deliver prompt, ready-access to all forms of urological management – either elective or emergency - and is available 24/7 to GPs and patients.

Darren graduated from Melbourne University Medical School in 2001 and completed his specialist urological training with the Royal Australasian College of Surgeons. He has spent 2 years at world-leading hospitals, Memorial Sloan-Kettering Cancer Center and Weill-Cornell Medical Centre, in New York completing sub-speciality urological fellowships in andrology, urological prosthetics, male voiding dysfunction, incontinence and male infertility.

Darren is heavily involved with research and academics and has been awarded both national and international grants and scholarships. He has been an invited faculty member for numerous urological workshops and speaks at major international conferences. He is involved with several clinical trials and provides the most up-to-date, evidence based treatments for his patients.

Darren is excited to be able to offer his specialist urological services to the Bayside, CBD communities, Vermont and Gippsland communities which includes the latest technological treatments for:

- **BPH and Voiding Dysfunction** – Greenlight Laser, Plasma Vaporisation, UroLift, TURP
- **Renal Stones** – Minimally invasive endoscopic and laser treatments
- **Erectile Dysfunction** – Penile implants, Penile Duplex Doppler Ultrasound
- **Male Infertility** – Microsurgical vasectomy reversals and varicoceles repairs
- **Male Incontinence** – Slings, Artificial Urinary Sphincters, Botox, Urodynamic
- **Raised PSA** – Transperineal MRI-Fusion Biopsy
- **General Urology** – Haematuria, UTIs, circumcision etc.
